## ARO Plank 5 doesn't hide in the shadows.

ARO Plank 5 draws inspiration from the clapboard siding at Architecture Research Office's Martha's Vineyard House and enables customization across large areas with the simple combination of a few standard components. The three modules of Wide, Narrow A, and Narrow B are chamfered and set at varying depths to cast compelling, evolving shadows. Planks install quickly and easily with Spinneybeck's Interlock Mounting System and are available in wide range of leather qualities and colors.

ARO Plank was designed by Architecture Research Office (ARO), a firm dedicated to architecture that unites beauty and form with strategy and intelligence.

**“We strive to convey a sense of calm, warmth, and joy in our product designs as well as through the architecture we design. We take inspiration from both material expression and functionality. We work to elevate spaces through careful attention to detail and use, and to emphasize the responsible use of materials and seek to balance beauty and strategy through design, pattern and texture.”**

<b>Custom</b>	Alternative patterns, FilzFelt© felts, plank lengths beyond 9'-0" (2.74 m), orientations other than vertical, ceiling-mounted, finished plank ends, finished Interlock Mounting System strapping, and cut-outs are available and must be quoted—details available upon request
<b>Durability</b>	Contract or residential
<b>Lead Time</b>	Made to order and certain lead times will apply
<b>Installation</b>	Planks install with Interlock Mounting System provided (wall fasteners not included)
<b>Maintenance</b>	For finished leathers, wipe with a cool, damp cloth. For tougher soiling, use a pH balanced soap such as Dawn at a 1:10 ratio of soap to water, then rinse. Repeat if needed. For naked (aniline) leathers, wipe the entire surface with a soft cloth and cool water to even out any abrasions or stains. Do not spot rub, as this will darken only the treated area. Occasional use of a water-based leather cleaner, conditioner, and protector is recommended for all leather types. Other leather cleaners, such as saddle soap or household cleaners that may contain harsh chemicals, alcohol, or ink removers, should never be used.
<b>Variation</b>	Color variation of naked leathers may be more pronounced beyond the normal commercial range. A Cutting for Approval (CFA) is required for all orders.
<b>Standard Leathers</b>	Available in full color range of each leather below—refer to Color Book or <a href="http://spinneybeck.com/colorbook">spinneybeck.com/colorbook</a> for complete color selection. (Swatches shown to indicate grain texture only)
