Leather Wall System

spinneybeck

## ARO Plank 7 goes above and beyond.

ARO Plank 7 enables customization by switching up standard colors and a few standard components. Choose from oodles of leather qualities in hundreds of colors for each of three distinct modules to make a wall installation that's all your own.

ARO Plank 7 was designed by Architecture Research Office (ARO), a firm dedicated to architecture that unites beauty and form with strategy and intelligence.

**“We strive to convey a sense of calm, warmth, and joy in our product designs as well as through the architecture we design. We take inspiration from both material expression and functionality. We work to elevate spaces through careful attention to detail and use, and to emphasize the responsible use of materials and seek to balance beauty and strategy through design, pattern and texture.”**

<b>Maintenance</b>	For finished leathers, wipe with a cool, damp cloth. For tougher soiling, use a pH balanced soap such as Dawn at a 1:10 ratio of soap to water, then rinse. Repeat if needed. For naked (aniline) leathers, wipe the entire surface with a soft cloth and cool water to even out any abrasions or stains. Do not spot rub, as this will darken only the treated area. Occasional use of a water-based leather cleaner, conditioner, and protector is recommended for all leather types. Other leather cleaners, such as saddle soap or household cleaners that may contain harsh chemicals, alcohol, or ink removers, should never be used.
<b>Variation</b>	Color variation of naked leathers may be more pronounced beyond the normal commercial range. A Cutting for Approval (CFA) is required for all orders.
<b>Standard Leathers</b>	Available in full color range of each leather below—refer to Color Book or <a href="http://spinneybeck.com/colorbook">spinneybeck.com/colorbook</a> for complete color selection. (Swatches shown to indicate grain texture only.)
