

ARO Plank 8

Leather Wall System

spinneybeck

ARO Plank 8 won't be overshadowed.

ARO Plank 8 is anything but ordinary with chamfered acoustic planks set at varying depths to cast compelling shadows. With five modules that install in three standard patterns and hundreds of leather colors, the planks install quickly and easily with Spinneybeck's Interlock Mounting System.

ARO Plank 8 was designed by Architecture Research Office (ARO), a firm dedicated to architecture that unites beauty and form with strategy and intelligence.

“We strive to convey a sense of calm, warmth, and joy in our product designs as well as through the architecture we design. We take inspiration from both material expression and functionality. We work to elevate spaces through careful attention to detail and use, and to emphasize the responsible use of materials and seek to balance beauty and strategy through design, pattern and texture.”

– Architecture Research Office, designers of ARO Plank 8

Custom	Alternative patterns, FilzFelt© felts, plank lengths beyond 9'-0" (2.74 m), orientations other than vertical, ceiling-mounted, finished plank ends, finished Interlock Mounting System strapping, and cut-outs are available and must be quoted—details available upon request
Durability	Contract or residential
Lead Time	Made to order and certain lead times will apply
Installation	Planks install with Interlock Mounting System provided (wall fasteners not included)
Maintenance	For finished leathers, wipe with a cool, damp cloth. For tougher soiling, use a pH balanced soap such as Dawn at a 1:10 ratio of soap to water, then rinse. Repeat if needed. For naked (aniline) leathers, wipe the entire surface with a soft cloth and cool water to even out any abrasions or stains. Do not spot rub, as this will darken only the treated area. Occasional use of a water-based leather cleaner, conditioner, and protector is recommended for all leather types. Other leather cleaners, such as saddle soap or household cleaners that may contain harsh chemicals, alcohol, or ink removers, should never be used.
Variation	Color variation of naked leathers may be more pronounced beyond the normal commercial range. A Cutting for Approval (CFA) is required for all orders.
Standard Leathers	Available in full color range of each leather below—refer to Color Book or spinneybeck.com/colorbook for complete color selection. (Swatches shown to indicate grain texture only.)
