

Leather Weave brings it all together.

Leather Weave takes quality upholstery leather and creates depth and pattern by weaving thin strips together. This unique covering for upholstery and architectural products offers a distinct look with a more efficient use of leather as an entire hide can be used to make the product.

Any Spinneybeck leather may be used to create custom Leather Weave including pearlized, sueded, and four patent leathers. Up to three different leathers styles may be used to create subtle or dramatic patterning. Also choose from 0.2 in (5 mm) or 0.28 in (7 mm) strip width and roll width of 27 in (69 cm), 36 in (91 cm), or 38 in (97 cm).

One Leather in 5mm or 7mm Strip Width

Two Leathers in 5mm or 7mm Strip Width

Three Leathers in 5mm or 7mm Strip Width

		as Dawn with a 1:10 ratio of soap to water and rinse. Repeat, if needed. Occasional use of Spinneybeck Finished Leather Cleaner, Conditioner & Protector is recommended. For naked (aniline) leathers, wipe entire surface with a soft cloth and cool water to even out any abrasions or stains. Do not spot rub, for it will darken only that area. Occasional use of Spinneybeck Aniline Leather Cleaner, Conditioner & Protector is recommended. Other leather cleaners such as saddle soap or household cleaners that may contain harsh chemicals, alcohol or ink removers should never be used.				
Lead Time		Made to order and 6-8 week lead time will apply				
Standard Leathers		Available in full color range of each leather below—refer to Color Book or spinneybeck.com/colorbook for complete color selection. (Swatches shown to indicate grain texture only.)
