

Marissa

Upholstery Leather

spinneybeck

**Marissa is
positively
sumptuous.**

Marissa evokes texture and a sumptuously soft surface. The special retannage perfects the hand of this luxurious leather, as well as prepares the material for the full, rich dye penetration. Marissa is dyed twice as the second bath deepens the color and further enriches the leather. The velvet-like face of Marissa is protected by an impregnated soil-resistant treatment, which shields the surface without disturbing the suppleness and drape of this elegant leather.

**Sumptuously Soft**

A special retannage perfects the hand of this luxurious sueded leather that provides an elegant drape and softness.

Full Grain All the Way

Hides sourced from Italy, Southern Germany, and Denmark provide a high quality surface which does not need to be altered to conceal flaws.

Soil Resistant

Marissa is unexpectedly soil resistant with an impregnated soil and water resistant treatment.

Wear In Verses Wear Out

This naked leather features all the characteristics of natural leather and will develop a beautiful patina with age and usage.
