About

Not your father's wall panel, Muro Plus adds unexpected dimension to vertical surfaces with more than 1,000 standard colorways in 30 leather types. Combine color and thickness to create large-scale dimensional patterning in panels available in custom thicknesses between the minimum and maximum. Plus, the panels of this straightforward system come preinstalled with Z-Clip fasteners for easy hanging.

Maintenance	For finished leathers, wipe with a cool, damp cloth. For tougher soiling, use a pH-balanced soap and rinse. Repeat, if needed. For naked (aniline) leathers, wipe entire surface with a soft cloth and cool water to even out any abrasions or stains. Do not spot rub, for it will darken only that area. Occasional use of Spinneybeck maintenance products is recommended. Other leather cleaners such as saddle soap or household cleaners that may contain harsh chemicals, alcohol or ink removers should never be used.
Lead Time	Made to order and certain lead times will apply
Installation	All panels come preinstalled with Z-Clip fasteners for easy hanging and large panels may have two fasteners to ensure stability and support. The Z-Clips provided are 6 ft (1.8 m) in length and can be cut to fit according to site requirements. Spinneybeck offers installation services; however, application is basic and can be provided by a reputable general contractor. Additional blocking at installation site may be required.
