

Perforated

Upholstery Leather

spinneybeck

Perforated adds playful patterning.

Perforating leather adds a subtle, contemporary pattern to upholstery or architectural products. Any Spinneybeck leather may be perforated with five standard patterns that play with geometry and repetition. This specialty product is available on a custom order basis and available in half hides only.

Pattern 330

Pattern 419

Pattern 457

Pattern Euro MK 153

Pattern Multiple Diamond

Product	Perforated (PF)
Content	European cowhide

Maximum Size	Half hide
Thickness	Varies by leather
Weight	Varies by leather
Primary Uses	Upholstery, wall panels
Industry	Varies by leather
Maintenance	For finished leathers, wipe with a cool, damp cloth. For tougher soiling, use a pH-balanced soap such as Dawn with a 1:10 ratio of soap to water and rinse. Repeat, if needed. Occasional use of leather cleaner and protector is recommended. For naked (aniline) leathers, wipe entire surface with a soft cloth and cool water to even out any abrasions or stains. Do not spot rub, for it will darken only that area. Occasional use of water-based leather cleaner, conditioner, and protector is recommended. Other leather cleaners such as saddle soap or household cleaners that may contain harsh chemicals, alcohol or ink removers should never be used.
Lead Time	Made to order and a 2–4 week lead time will apply
Custom	Custom patterns not available

Standard Leathers

Available in full color range of each leather below—refer to Color Book or spinneybeck.com/colorbook for complete color selection. (Swatches shown to indicate grain texture only.)
