# About

---

Spinneybeck covers new ground with a sophisticated collection of leather rugs. The luxurious natural feel of leather and plentiful color options create an unlimited canvas for the floor. Designed by noted architect Emanuela Frattini Magnusson, Spinneybeck rugs are fabricated with superb craftsmanship and the finest Italian leather. The woven pattern is created using 1 in (2.5 cm) wide strips of leather, which are woven creating texture and pattern. Select a monochromatic color scheme or create a stunning pattern with multiple colors. The thread color will match the primary leather, unless otherwise specified.

Emanuela Frattini Magnusson is the founder and principal of EFM Design, an international, award-winning, multi-disciplinary practice that spans architecture, interiors, product design, brand development, and graphics.
