Flamingo Lobby

Specifier	Shim Projects
Location	Miami Beach FL
Product	Cascia
Color	CA 1251 Cinnamon
Photographer	Kris Tamburello

Flamingo Point was a popular Miami Beach hotel from the 1920s through the 1950s. A century later, award-winning Shim Projects redeveloped the area as a luxury apartment community with spectacular oceanfront views. An ARO Plank 1 feature wall and banquette in Cascia welcomes residents as it brings luxury and comfort to the forefront. Named for a town in the mountainous southeastern corner of Umbria, Cascia is a supple and velvety leather that reveals all the natural characteristics of premium full grain leather.
