Parameters

Specifier	Studio BV
Location	Minneapolis MN
Product	Porto 1
Color	Natural Cork
Photographer	Corey Gaffer Photography

At Parameters, a furniture dealership in Minneapolis, Minnesota, Porto 1 provides an acoustic wallcovering of gentle repeating arcs in natural cork. The design of the showroom and office space balances classic and natural materials of marble, copper, and the cork of Porto 1. Inspired by the familiar texture of rounded silos on factory buildings in its namesake city in Portugal, the cork tiles are made from a renewable resource and produced in a waste-free molding process to create timeless a design that's easy on the planet.
