## Satu 90' Sportfish

<b>Client</b>	Satu Marine
<b>Designer</b>	Ullberg Yacht Design & Engineering
<b>Product</b>	Acqua
<b>Colors</b>	AU 0605 Tahiti + AU 0607 Lake Como

The Satu 90' Superyacht Sportfish affords the luxury and attention to detail of a World Class Superyacht. The elegant interior features a contemporary aesthetic with high end finishes including Japanese ash and wenge, natural fabrics, and premium platinum hardware. Acqua is used in the cabin and on deck in two neutral colorways to match the sophisticated, natural color palette. Acqua is a durable and water-resistant leather created through a combination of a special retannage and finishing process. This results in leather that is not only water resistant, but also practical for applications that require a durable finish.
