The award-winning St. Regis Bal Harbour Resort includes 227 well-appointed rooms in the heart of Miami Beach. Offering panoramic views of the ocean and the white sand beach, colors and finishes reflect the view as well as the upscale, cosmopolitan clientele. In a private residence, España, a high performance but supple enhanced grain leather, is upholstered on a sculptural, button-tufted headboard. This custom piece creates space separation and is a sweeping, impressive interior feature facing the breathtaking view.
