WeWork Dupont Circle

Client	WeWork
Location	Washington DC
Product	Custom Quilted Muro
Leather	Distressed
Color	DT 0068 Monte Cassino

At WeWork's Dupont Circle outpost in Washington DC, Muro panels with custom quilting create a not-so-stuffy pool hall vibe. Wrapped in Distressed leather in a rich burgundy, the eight quilted styles include various scales of diamond, parallel, rectangle, and square. These panels add a classic elegance, while the combination of patterns are a contemporary bent on traditional quilted leather-wrapped panels.
